

FITTING INSTRUCTIONS

Honda XRV750 – Stainless Steel Chain Adjusters

These instructions apply to RD04, RD07 & RD07A models

Contents

1 x Left Side Chain Adjuster

1 x Right Side Chain Adjuster

1. The Chain Adjusters are marked with L (left side) and R (right side) to ensure correct fitment.
2. Remove rear wheel spindle.
3. Replace original chain adjusters with Rugged Roads Stainless Steel Chain Adjusters
4. Adjust chain using number markings on Chain Adjusters
5. Ensure you tighten rear wheel bolt to required torque setting.
